

1) The first fill introduced is notated below:

— snare drum —      — high tom —      — mid tom —      — floor tom —

Drum Set 

Once you are comfortable with this fill it is time to try it with a groove. Play one bar of a groove you are comfortable with (for the purposes of this transcription, we'll use The Money Beat) and follow it with the fill. Keep on repeating this two bar phrase:

Drum Set 

2) The second fill is notated below:

———— snare drum —————      high tom      ————— mid tom —————      flr tom

Drum Set 

As with the first fill, once you are comfortable with it, try playing it with a groove:

Drum Set 

3) This is the third and final fill:

Snare                  high                  snare                  high                  floor

Drum Set 

And with a groove:

Drum Set 

These fills were taken from the Drumsense teaching syllabus. Mark is a registered Drumsense tutor. To find out more about Drumsense email [Mark@britdrummer.com](mailto:Mark@britdrummer.com) or check out [Drumsense.com](http://Drumsense.com)
